Just so sure will most men have to look out for themselves, who are President and Vice-President.

Political strife is now to cease and what money the people have left they want to spend and invest to the best advantage. It matters much how, when and with whom it is spent.

Three Things

Every purchaser ought to regard:

1. The quality of the goods.
2. The price paid.
3. The attention given him.

If you want GOOD QUALITY and at EASY PRICES and prompt attention, why everybody hereabouts knows where it all can be had. It is said that a letter was once prepared for W. L. Douglas, the great SHOE MAN, and instead of writing any address on it his picture was pasted on the envelope, and the letter went straight to his office. So to talk in Scotland Neck about Good Quality, Easy Prices and the Best of Accommodation suggests that chief

ATTEMPTED TO BREAK IN.—Last Saturday night at a late hour some one tried to break into Mrs. Maria Hodges' house near Lawrence. He opened the blinds, raised the window and attempted to go in. To remove a troublesome corn or bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for soreness, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by E. T. WINTERVILLE NEWS.

Correspondence to The Commonwealth.

Winterville, N. C., Nov. 13, 1900.

The A. G. Cox Mfg. Co. in placing their goods before the public are aware that they will be closely scrutinized and by many severely criticised, yet they have no fears on this score. They have been too long before the public. Their goods have stood any and all tests to which they have been subjected and no words of commendation are necessary to tell what they are. They speak for themselves, and that in tones that reflect great credit upon their manufacturers.

Some of our citizens held a meeting last Wednesday night for the purpose of determining upon the organization of a Lodge of J. O. U. A. M. They had a very successful meeting and will fully organize within the next eight or ten days with 24 members.

A Little Run to Tarboro.

The editor of THE COMMONWEALTH was in Tarboro Tuesday. Criminal court was in session and Solicitor W. E. Daniel is prosecuting evil doers with the same success he had in Halifax and elsewhere. He does not have to address his juries and frequently they do not leave the box before conviction, so convincing is Mr. Daniel's method of bringing out evidence.

Judge Moore is also increasing the population at the State prison, as he did in Halifax.

It is truly a pleasure to visit Tarboro. It is a good town, alive with hustling business men who are accustomed to look on the bright side of things every time. The people are so courteous that one feels like he wishes he could stay amongst them all the time.

The town has recently put in a system of water works, electric lights and has made other improvements which place it in the front rank of progressive towns in the State.

The town is well equipped with able men in all the professions, has a large number of prosperous and progressive business men, keeps abreast of the times in everything, and the editor of THE COMMONWEALTH is always glad to go there.

It is a peculiar pleasure to note the success of our friends, Dr. C. A. Whitehead and Mr. E. G. Allbrook. They have made a fine impression and Scotland Neck people may well feel proud of them as our representatives in the good old town of Tarboro.

A VILLAGE BLACKSMITH SAVED HIS LITTLE SON'S LIFE.

Mr. H. H. Black, the well-known village blacksmith at Grahamville, Sullivan Co., N. Y., says: "Our little son, five years old has always been subject to croup, and so bad have the attacks been that we feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now the only reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by E. T. Whitehead & Co., Druggists.

well. I am now giving it to my other children."

Mr. Joseph Kirohensteiner, 57 Croton street, Cleveland, O., says: "We have used Peruna for eight years as our family medicine. During the whole of that time we have not had to employ a physician."

Our family consists of seven, and we also use it for the thousand and one ailments to which mankind is liable. We have used it in cases of scarlet fever, measles and diphtheria. Whenever one of the family feels in the least ill, mother always says: "Take Peruna and you will be well," or if we do not happen to have any, "Peruna will have to get more Peruna." Peruna is always satisfactory in colds and coughs."

Children are especially liable to acute catarrh. Indeed, most of the affections of childhood are catarrh. All forms of sore throat, quincy, croup, hoarseness, and laryngitis are but different phases of catarrh.

These affections, in the acute form, may pass away without treatment, but they leave a foundation for chronic catarrh in later years. Even a slight cold is acute catarrh, and renders the mucous membrane of the head and throat more liable to chronic catarrh afterwards. The child is constantly assailed winter and summer, with catarrh.

Affections of the stomach and bowels, colic and diarrhoea, are due to catarrhal derangements of these organs. A great many families are learning by bitter experience that these affections must be promptly treated or the child's health is permanently injured.

Peruna is the remedy. No family should be without it. As soon as the symptoms of cold, cough or any other affection of the throat or stomach is noticed, Peruna should be given according to directions. A vast multitude of families are relying entirely upon Peruna for safety in this direction.

There are no substitutes. Peruna is the only systemic catarrh remedy known to the medical profession.

That Peruna can be relied upon is evidenced by the great number of testimonials which Dr. Hartman is receiving daily. Only a very few of these can be published. Only one in a thousand.

Every household should be provided with Dr. Hartman's free book on catarrh; also "Facts and Faces," a book of testimonials concerning Peruna sent free by The Peruna Medicine Co., Columbus, O.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grand mothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they never heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop the fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling bad with the headaches and other ills. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by E. T. Whitehead & Co.

When you feel that life is hardly worth the candle take a dose of Chamberlain's Stomach and Liver Tablets. They will cleanse your stomach, tone up your liver and regulate your bowels making you feel like a new man. For sale by E. T. Whitehead & Co., Druggists.
